

energy.case PROX 1500 DC 1000W | B&W energy case

Description

- The B&W energy.case offers a reliable and flexible power supply for professional applications. It was developed to meet the toughest requirements and is robust, temperature-resistant and waterproof. Operation is intuitive and uncomplicated.
- Robust & waterproof
- Powerful battery system
- Manufactured in Germany
- Flexible charging options
- Versatile connections
- Operating instructions with NFC
- Direct & alternating current
- Customizable
- More information on customization: [Technical installations](#)

Outer dimensions width (mm)

490

Outer dimensions depth (mm)

335

Weight (kg)

29,8

Trolley

1

Battery capacity

1500 Wh

Operating temperature

-20°C - +45°C

Voltage

24 V DC

Connection & System AC

2x 24V 500W DC Steckdose, 1x USB PD 65W, 1x Ladeingang

Continuous power

1000 W

Remote control

inklusive

Control via CAN-BUS

possible

Charging power

350 W

Charging options

230V Netzteile (350W), Optional: 12V Auto, 24V LKW, Solar

Keyboard

Internal (external optional)

Further information

- Space in the foam lid for two chargers and the remote control display (only for internal keyboard)
- Waterproof according to IP54

Outer dimensions length (mm)

660
