- Operating instructions with NFC
- Direct & alternating current
- Customizable
- More information on customization: [Technical installations](#)

### Further information

- Space in the foam cover for two chargers and the remote control display (only for internal keyboard)
- Waterproof according to IP65

#### Keyboard

Internal (external optional)

#### Charging options

230V power supply (200W), optional: 12V car, 24V truck, solar

#### Charging power

350 W

#### Control via CAN-BUS

possible

#### Remote control

inklusive

#### Continuous power

1000 W

#### Connection & System AC

2x 24V 500W DC socket, 1x charging input

#### Voltage

24V DC

#### Operating temperature

-20°C - +45°C

#### Battery capacity

500 Wh

#### Weight (kg)

15,5

**Outer dimensions depth (mm)**

215

**Outer dimensions width (mm)**

420

**Outer dimensions length (mm)**
