**B&W**  
Cases of Success

The transport case offers maximum protection against bumps, water, dust and extreme temperatures. It contains a customized foam inlay designed specifically for the Starlink-Mini and its accessories. This ensures that the equipment is secured during transport.

The Starlink-Mini transport bag is the ideal solution for users who prefer a lighter and more flexible transport option without sacrificing protection and comfort. The transport bag also fits into a B&W case type 5040.
