

STARLINK TRANSPORT.CASE MODULAR

One case. Multiple Starlink models.

The B&W Starlink Transport Case is designed for professionals who need reliable protection and maximum flexibility. Thanks to the redesigned foam inlay and modular adapter system, a single case now supports multiple Starlink antenna models without compromise.

Use the same B&W Starlink Transport Case for all supported models. Compatibility is achieved by placing or removing adapter pieces in the foam inlay.

SUPPORTED MODELS

- Starlink Enterprise
- Starlink Standard V4
- Starlink Performance GEN3
- Starlink Performance GEN2 (Flat High Performance)
